## The Best Resorts in Aruba

When it comes to adults-only romantic escapes, [Bucuti & Tara](#) checks all the boxes: eco-friendly rooms are done up in a serene-meets-tropical white and turquoise palette, beachside tables for two sit right on the sand, and lovebird extras like movies under the stars and a private wellness concierge round out days spent in the sun. Though breakfast is the only meal included in the rate, you can add a dining plan to use on-site or at any of 20 participating Aruba Gastronomic Association restaurants on the island.
